Unfettered corruption has metastasized to the highest levels of government. FBI Director James Comey, a man once widely respected throughout all levels of law enforcement, <strong>has sadly sealed his legacy as a crooked shill for the Clinton crime family. It st the absurd.</strong></span><br/>br /></span><br/>or the Clinton crime family. It st the absurd.</strong></span><br/>or the Clinton crime family. It st the absurd.</strong></span><br/>or the absurd. /><br /> Based upon his<span style="color: #0000ff;"> Sunday </span>announcement that he intends to put the kibosh, for now at least, on Hillary Clinton s criminal investigations, Mr. Comey has asked the American people to believe that the FBI thoroughly reviewed 650,000 emails from Anthony Weiner s laptop in a whopping 691,200 seconds. I<span style="color: #ff0000;"><span style="text-decoration: underline;"> suspect Comey may have come across details of his own impending \*suicide\* on Weiner\*s hard drive.</span></span> It\*s little wonder that trust for government is at an all-time low, and that the FBI has become a national agree that the level of corruption and cover-up forcing Richard Nixon to resign his presidency in disgrace in 1974, pales by comparison to the evidence behind the multiple criminal investigations surrounding Hillary Clinton & the Democratic Party s embattled presidential nominee. <a> <strong><span style="color: #ff0000;">Both the Clinton Foundation and Clinton</a> email scandals represent, jointly and separately, Watergate on steroids.<br/>
<br/>br /></span></strong><br /><br />While a week ago Mr. Comey sent a letter to both Republicans and Democrats in Congress advising them that, In connection with an unrelated case, the FBI has learned of the existence of emails that appear pertinent to the [ongoing Clinton] investigation, an even greater bombshell shook the Clinton camp mid-week. Fox News reports<span style="color: #ff0000;"> Wednesday nigh</span><span style="color: #0000ff;">t</span> that the FBI s Clinton Foundation probe has produced an savalanche of /> Bret Baier, based on two sources, said in a tweet that barring obstruction they d likely continue 2 push to try for an indictment. ❖❖ The ❖obstruction❖ referenced, as Baier later explained, is that presently being conducted by the Obama Department of Justice (DOJ) in general, and Attorney General Loretta Lynch in particular. As leaks indicate, the DOJ has placed a roadblock at every corner in an effort to obstruct the ongoing FBI investigations into Mrs. Clinton s illicit activities. <strong><span style="color: #ff0000;">Multiple reports further indicate that said DOJ obstruction has triggered an uprising within the Bureau. <br /></span></strong><br /><br /><br /><br />
Mr. Baier, continues the Times, said the probe into pay-for-play charges at the Foundation by the Bureau®s White Collar Crime division has been going on for more than a year and has involved multiple interviews with numerous recognize that if Hillary Clinton takes the White House on Tuesday, an unprecedented constitutional crisis looms large. An already divided nation will be thrown into chaos, and a hyper-partisan Washington D.C. will effectively settle, like concrete, into total gridlock.</span><br/>br/><br/>>cbr/><br/>The aforementioned criminal investigations into Secretary Clinton s activities, though intertwined in a tangled web of deleted emails. pay-to-play shakedowns and obstruction of justice, are otherwise quite easy to understand. While serving as Secretary of State Mrs. Clinton had a private email server installed in the

basement of her Chappagua, NY home with the express, and very much illegal, purpose of leveraging her federal power and authority to both solicit Clinton Foundation donations, and to government oversight and accountability, and to racketeer under cover of darkness.<br/>

>countability, and to racketeer under cover of darkness. />Mrs. Clinton then obtained and used a private email address, hdr22@clintonemail.com, to conceal her illicit activity. While soliciting bribes from foreign dignitaries, Islamic terrorist nations, and foreign corporate wheeler-dealers, she likewise transmitted highly classified government information over her unsecured network. No less than five enemy nations then hacked the account with little difficulty, gaining access to classified State secrets.<br/>
